2018 ERBP Annual Report

Jonathan G Fox - ERBP Chair
Evi V Nagler - ERBP Vice-Chair
• ERBP (http://www.european-renal-best-practice.org/) the official ERA-EDTA European nephrology guidance body has been active in the production of guidelines and has provided guidance on different aspects of care in nephrology related topics

• The prime mission of ERBP is to improve the lives of people with kidney disease in a sustainable way, by communicating knowledge in a format that stimulates its use in clinical practice in Europe

• In practice:
  • Producing clinical practice guidelines and guidance statements
  • Collaborating with ERA-EDTA Working Groups on specific topics
  • Mapping gaps in knowledge
  • Disseminating documents in a transparent (publicly and freely available) and understandable way (e.g. translations)

2018 projects

• Clinical Practice Guideline on Vascular Access for Haemodialysis in Adults
• DESCARTES and ERBP Guideline on the management of obesity in renal transplant candidates and renal transplant recipients
• Clinical practice guideline on the management of hyperkalaemia
• **ECRI Institute Guideline Repository – Acceptance of ERBP guidelines:**
  - Clinical practice guideline on diagnosis and treatment of hyponatraemia. (April 2014)
  - Clinical practice guideline on management of patients with diabetes and chronic kidney disease stage 3b or higher (eGFR <45 mL/min). (May 2015)
  - Clinical practice guideline on management of older patients with chronic kidney disease stage 3b or higher (eGFR <45 mL/min/1.73 m2).
• ECRI Institute Guideline Repository

  • Clinical practice guideline on diagnosis and treatment of hyponatraemia. (April 2014)
  • Clinical practice guideline on management of patients with diabetes and chronic kidney disease stage 3b or higher (eGFR <45 mL/min). (May 2015)
  • Clinical practice guideline on management of older patients with chronic kidney disease stage 3b or higher (eGFR <45 mL/min/1.73 m²). (2018 Nov)
TRUST Scorecard

Clinical practice guideline on management of older patients with chronic kidney disease stage 3b or higher (eGFR <45 mL/min/1.73 m2).

Guideline ID: 69  Published: 2006

European Renal Best Practice (ERBP)

Composition of Guideline Development Group (GDG)

- Yes  Multidisciplinary GDG Members
- Yes  Methodologist Involvement

Systematic Review of Evidence

- Literature Search
- Study Selection
- Evidence Synthesis
Visibility – ECRI

Foundations for Recommendations

- Strength of Evidence Grade
- Description of Benefits and Harms of Recommendations
- Summary of Evidence Supporting Recommendations
- Strength of Recommendations Rating
- Clear Articulation of Recommendations

Disclosure and Management of Financial COIs

Scientific Programme

CONGRESS HALL A3
CME COURSE 5
ERA-EDTA Registry

Cross-talk in renal epidemiology

Chairs: Kitty J. Jager, Amsterdam, The Netherlands
Vianda Stel, Amsterdam, The Netherlands

Can we use longitudinal data in survival analyses
Dorothea Nitsch, London, United Kingdom

Interaction analyses
Friedo W. Dekker, Leiden, The Netherlands

How to validate the predictive value of a biomarker
Giovanni Luigi Tripepi, Reggio Calabria, Italy

Epidemiological study designs and public health impact
Simon Fraser, Southampton, United Kingdom

Grading evidence: an exercise in critical appraisal
Evi Nagler, Ghent, Belgium

Why critically appraise RCT?
Visibility - 2018
ERA-EDTA congress

• YNP/VA CME

CONGRESS HALL A3
12:15 - 16:30

CME COURSE 10

YNP
(Young Nephrologists' Platform)
In collaboration with VAS, the Vascular Access Society

*Hands on vascular access: focus on which access, access complications and surveillance, including practical demonstration of fistula imaging*

Part I

Chairs: Maria Haller, Linz, Austria
José Ibeas, Barcelona, Spain

How to choose the right dialysis access for the individual patient
Maurizio Gallieni, Milan, Italy

Vascular access and infection; avoidance and management
Peter Thomson, Glasgow, United Kingdom

Methods for vascular access surveillance: to ultrasound or not
José Ibeas, Barcelona, Spain

ERBP Vascular Access Guideline 2018

Evi Nagler, Ghent, Belgium

Part II

The practical section of this course will involve demonstration of fistula imaging and the opportunity to practise fistula imaging on real patients. Additionally, there will be catheter insertion.

Future plans

• Dissemination
  • Stronger online presence with new website
  • More and relevant ERBP topics on social media
  • ERBP speakers at National Society Meetings

• Open call for topics

• Change in Advisory Board composition and turnover

• Continue plans to effectively and efficiently organise the guideline development process
