Friday, September 5th, 2014

- 15:00-15:10 Welcome speech & introduction (**Gérard Michel London** - EURECA-m Chair and **Adrian Covic** - President of the Organizing Committee)
- 15:10-16:50 Measuring renal function and integrating cardiovascular risk factors in CKD: a reappraisal**
Chairs: Alberto Ortiz, Patrick Rossignol
- 15:10-15:30 Pulmonary congestion in CKD: an integrator of LV disorders and volume overload
Carmine Zoccali (Reggio Calabria, Italy)
- 15:30-15:50 New methods to evaluate cardiac and fluid status in dialysis
Adrian Covic (Iasi, Romania)
- 15:50-16:10 Cardiac evaluation of transplant candidates - what test for what person?
Gérard Michel London (Paris, France)
- 16:10-16:30 Bioimpedance and lung comments guided management in dialysis patients. Preliminary results of the BUST trial
Dimitrie Siriopol, Mihai Onofriescu (Iasi, Romania)
- 16:30-16:50 Discussions
- 16:50-17:20 *COFFEE BREAK*
- 17:20-18:40 Inflammation and nutrition in CKD, always at center stage**
Chairs: Carmine Zoccali, Ziad Massy
- 17:20-17:40 Inflammasome and cardio-renal risk in CKD
Alberto Ortiz (Madrid, Spain)
- 17:40-18:00 Aldosterone antagonism – better than ACEI?
Patrick Rossignol (Nancy, France)
- 18:00-18:25 Stroke risk: a crucial, over looked problem in CKD
Adrian Covic (Iasi, Romania)
- 18:25-18:40 Discussions

Saturday, September 6th, 2014

- 09:00-10:40 Clinical epidemiology of hypertension and hypertension related risk in CKD**
Chairs: Gerard Michel London, Andrzej Wiecek
- 09:00-09:20 Nutrition and cardiovascular disease in CKD: any room for intervention?
Denis Fouque (Lyon, France)
- 09:20-09:40 Visit to visit variability in CKD
Francesca Mallamaci (Reggio Calabria, Italy)
- 09:40-10:00 Novel pharmacological treatments of hypertension
Andrzej Wiecek (Katowice, Poland)
- 10:00-10:20 Update on renal ablation for hypertension
Mehmet Kanbay (Istanbul, Turkey)
- 10:20-10:40 Discussions
- 10:40-11:10 *COFFEE BREAK*
- 11:10-12:25 CKD-MBD in cardiovascular and renal medicine: two steps forward and one back?**
Chairs: Adrian Covic, David Goldsmith
- 11:10-11:30 Re-appraisal about the role of PTH in Cardiovascular Disease and in CKD.
Gérard Michel London (Paris, France)
- 11:30-11:50 Pros and cons debate: Phosphate as a cardiovascular risk factor: is the evidence solid enough? (Pros)
Ziad Massy (Paris, France)
- 11:50-12:10 Any evidence linking CKD-MBD to hard outcomes? (Cons)
David Goldsmith (London, UK)
- 12:10-12:25 Discussions
