

Protein Energy wasting, interventions during chronic kidney disease and dialysis treatment.

X Symposium NERC and I
International conference of the
European Renal Nutrition (ERN)
working group at the ERA-EDTA

27-28th November 2015

Main Hall, Hospital Universitario de la Princesa

Madrid. Spain

Programme

November 28th Friday

9:45-10:00- Welcome

Protein energy wasting in CKD patients. Chairs: D. Fouque , MD. del Pino.

10:00-10:30-Prevalence of PEW in CKD patients: a worldwide meta-analysis.
Juán Jesús Carrero. Stockholm, Sweden

10:30-11:00- Assesment of PEW; easier said than done. *Pablo Molina.
Valencia, Spain.*

11:00-11:30- Causes of PEW: what have we learned these 10 years? *Juan
Jesús Carrero. Stockholm, Sweden*

11:30-12:00.- Coffee break

12:00-12:30.- Sarcopenia in CKD patients. *Guillermina Barril, Madrid, Spain*

12:30-13:00.- Measures to prevent PEW- related CKD . *Daniel Teta, Lausanne,
Switzerland*

Nutritional intake during CKD

13:00-13:30.- Optimal protein intake during CKD. *Denis Fouque, Lyon, France*

13:30-14:00 .-Peritoneal Dialysis protein loss and mortality. Is a nutritional
problem? *Miguel Perez Fontán. La Coruña, Spain*

Lunch

Functional and Metabolic impairments in CKD. Chairs: JJ Carrero, JA Schez
Tomero.

15:30-16:00. - Interventions to improve insulin sensitivity in CKD patients.
Daniel Teta. Lausanne, Switzerland

16:00-16:30. - Bowel activation in uremia and its relationship with nutritional
status. *Abelardo Aguilera, Madrid, Spain*

16:30-17:00.- *AGES in CKD patients . Secundino Cigarran. Burela, Spain*

17:00-18:30.- Workshop clinical cases: Chairs: D. Teta, G. Barril

CKD.- *Elena Gonzalez, Madrid, Spain*

HEMODIALYSIS.- *Pilar Caro, Madrid, Spain*

DP.- *Almudena Perez Torres, Madrid, Spain*

Renal Transplant.- *Silvia Ros, Málaga, Spain*

21:00. - *Dinner*

November 28th saturday

Nutrition and CKD-BMD. Chairs: M. Fouque, M. Rodriguez.

9:00-9:30. - Phosphate and dietetics in CKD patients. *Denis Fouque, Lyon, France*

9:30-10:00. - Calcium, P and Nutritional vitamin D management as emerging targets for slowing CKD progression. *Pablo Molina. Valencia, Spain*

10:00-10:30. - FG23 and Phosphate in CKD: an overview. *Mariano Rodriguez, Córdoba, Spain*

10:30-11:00. - Contributions of the Cosmos Study to serum phosphate targets. *Jorge Cannata. Oviedo, Spain*

11:00-11:30.-Coffee break

Nutritional Supplementation in CKD: difficulties and management. Chairs: D. Teta , A Garcia de Lorenzo.

11:30-12:00. - Nutritional barriers in ESRD. *Siren Sezer, Ankara, Turkey*

12:00-12:30.- ***Microbiota as a source of uremic toxins: interactions with diet.*** *Alberto Ortiz, Madrid, Spain*

12:30-13:00. - Considerations about IDPN. *Rosa Burgos. Barcelona, Spain*

13:00-13:30. - Nutritional supplementation and impact on prognosis in ESRD. *Siren Sezer, Ankara, Turkey*

Conclusions
