CARDBORENAL FORUM

in association with the Dutch Society of Nephrology and Netherlands Cardiorenal Group is pleased to announce the

5th Annual Scientific Meeting of the Cardiorenal Forum

Cardiorenal medicine: partners in practice?

Friday 15 October 2010
Royal College of Physicians, 11 St Andrews Place, Regent’s Park, London NW1 4LP

This one-day conference will highlight the important clinical overlap that exists between patients presenting with a primary cardiovascular or renal problem. It aims to raise awareness and bring together healthcare professionals who are involved in the management of such patients in order to improve patient care. Topics to be covered include:

• emerging concepts in cardiorenal disease including cardiorenal biomarkers, the genomics of disease, cardiorenal syndrome
• arterial stiffness – diagnosis and treatment
• what’s new in anaemia management
• controversies in cardiorenal disease including revascularisation and screening prior to renal transplant
