7-th National Clinical Pathology Conference

8-10 September 2011
Zlatni Piasatsi
Melina Grand Ermitage Hotel
Welcome note

Dear colleagues,

Every year we have our National Clinical Pathology conference. On behalf of the Bulgarian Clinical Pathology Association managers, I would like to welcome you to the 7-th National Clinical Pathology conference in Zlatni Piasatsi (8-10 September 2011).

The program is focused on the significance of clinical pathology and clinical medicine, as well as patient and public wellbeing. We will be discussing the accreditation, laboratory result quality, health reform and other problematic areas.

During the conference you could share your expertise and acquire new knowledge. Our departments development is closely connected with the in-vitro diagnostic devices makers. In the exhibition area, new apparatus, reagents, diagnostic kits, software, etc. will be present and you could find more information on the latest achievements in clinical pathology.

The conference location is well known for its natural beauty and tourist attractions. Do not miss the chance to broaden your knowledge, meet old friends and make some new ones.

Prof. K. Tsatchev – president of the Bulgarian society of clinical laboratory
