

42nd COURSE ON ADVANCES IN NEPHROLOGY, DIALYSIS
AND TRANSPLANTATION

(December 5/8, 2010)

December 6, 2010

Satellite ERA-EDTA Symposium

Title: PODOCYTES AND GLOMERULAR DISEASES

14.30-14.55 Rastaldi MP (Milan): Podocytes and intraglomerular neuron-like signaling

14.55-15.20 Huber T (Freiburg): The relevance of podocyte polarity to the glomerular filtration barrier

15.20-15.45 Reiser J (Miami): An enzymatic view of podocyte health and illness

15.45-16.10 Antignac C (Paris): Genetic advances on podocytopathies

16.10-17.00 Discussion

Chairmen

Coppo R (Turin), Ghiggeri GM (Genoa)
