

Were you aware of this exam before this presentation?

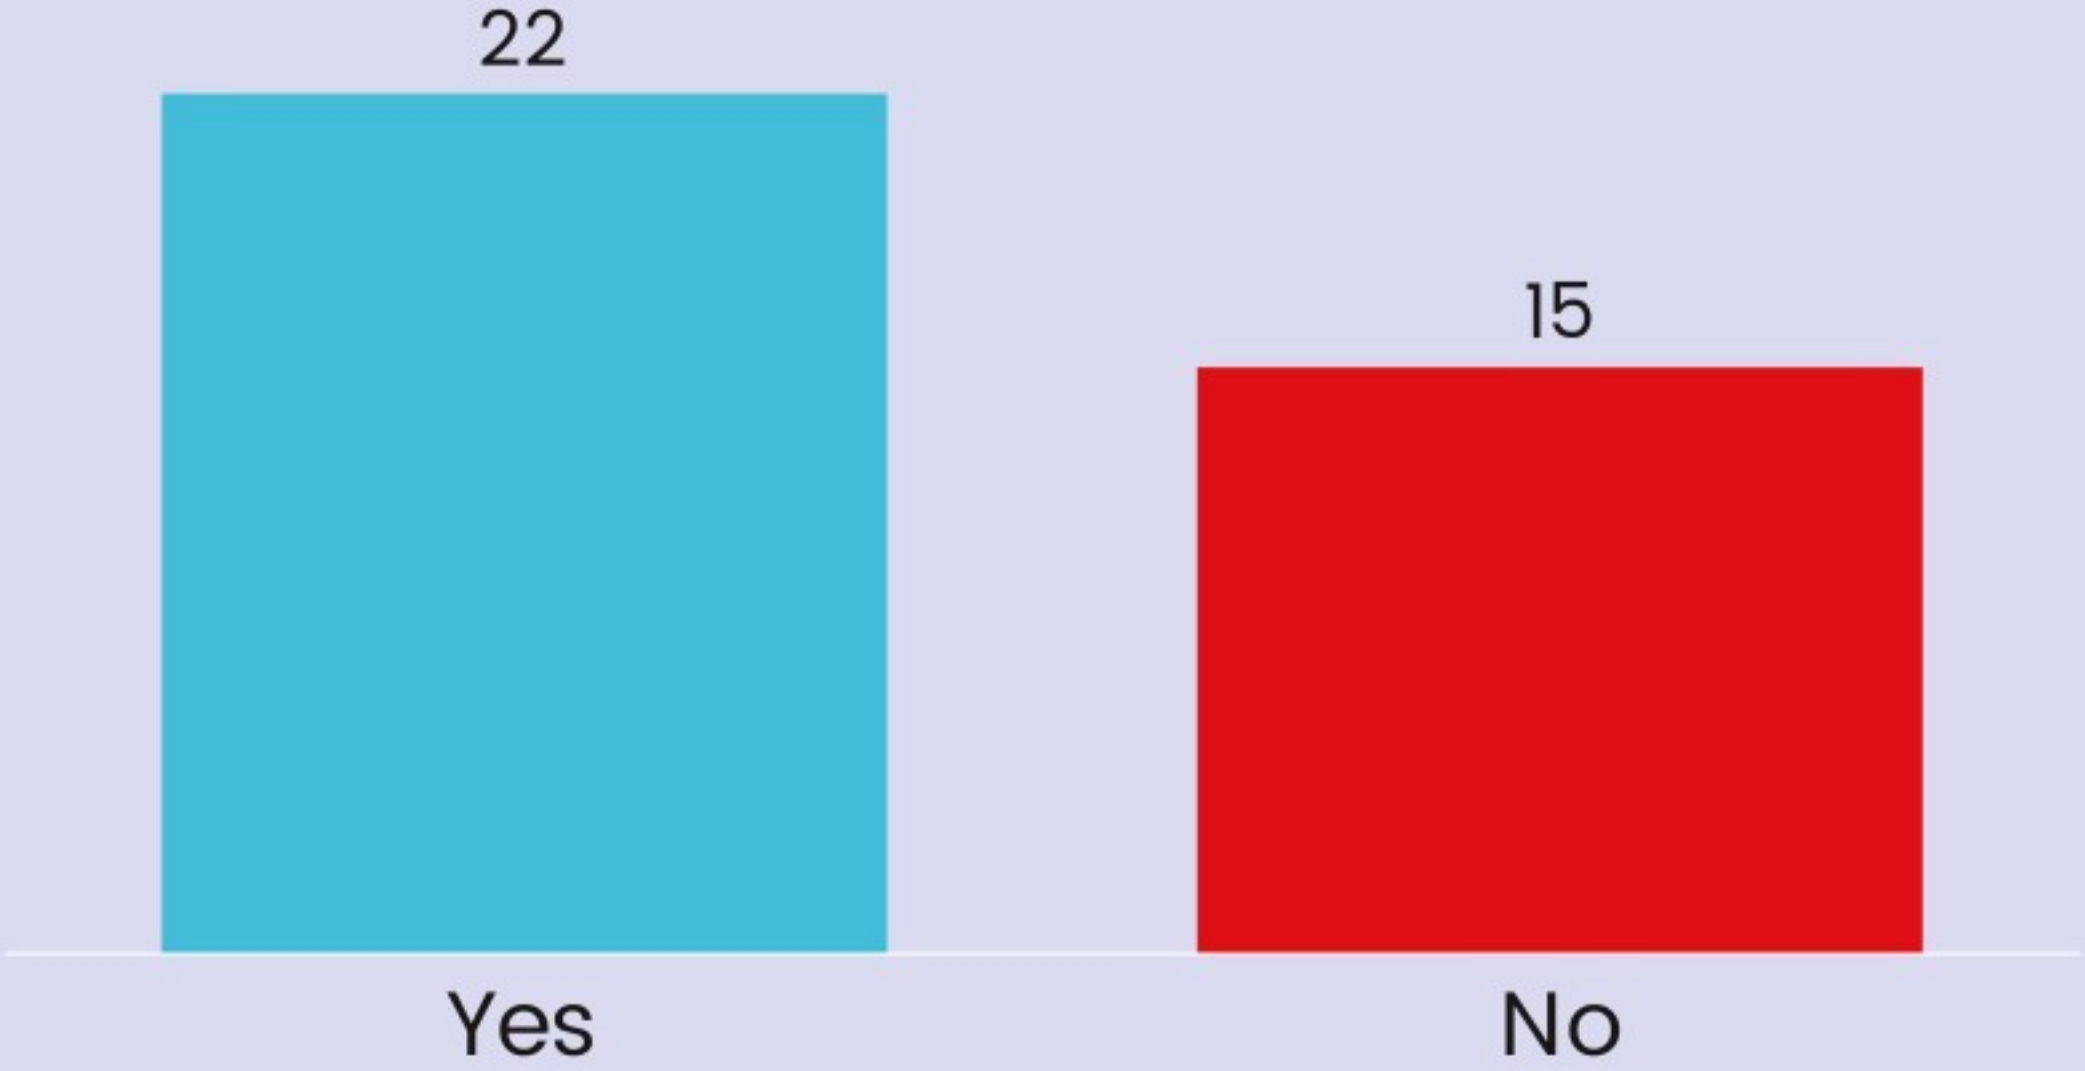

If Yes where did you learn of the exam?

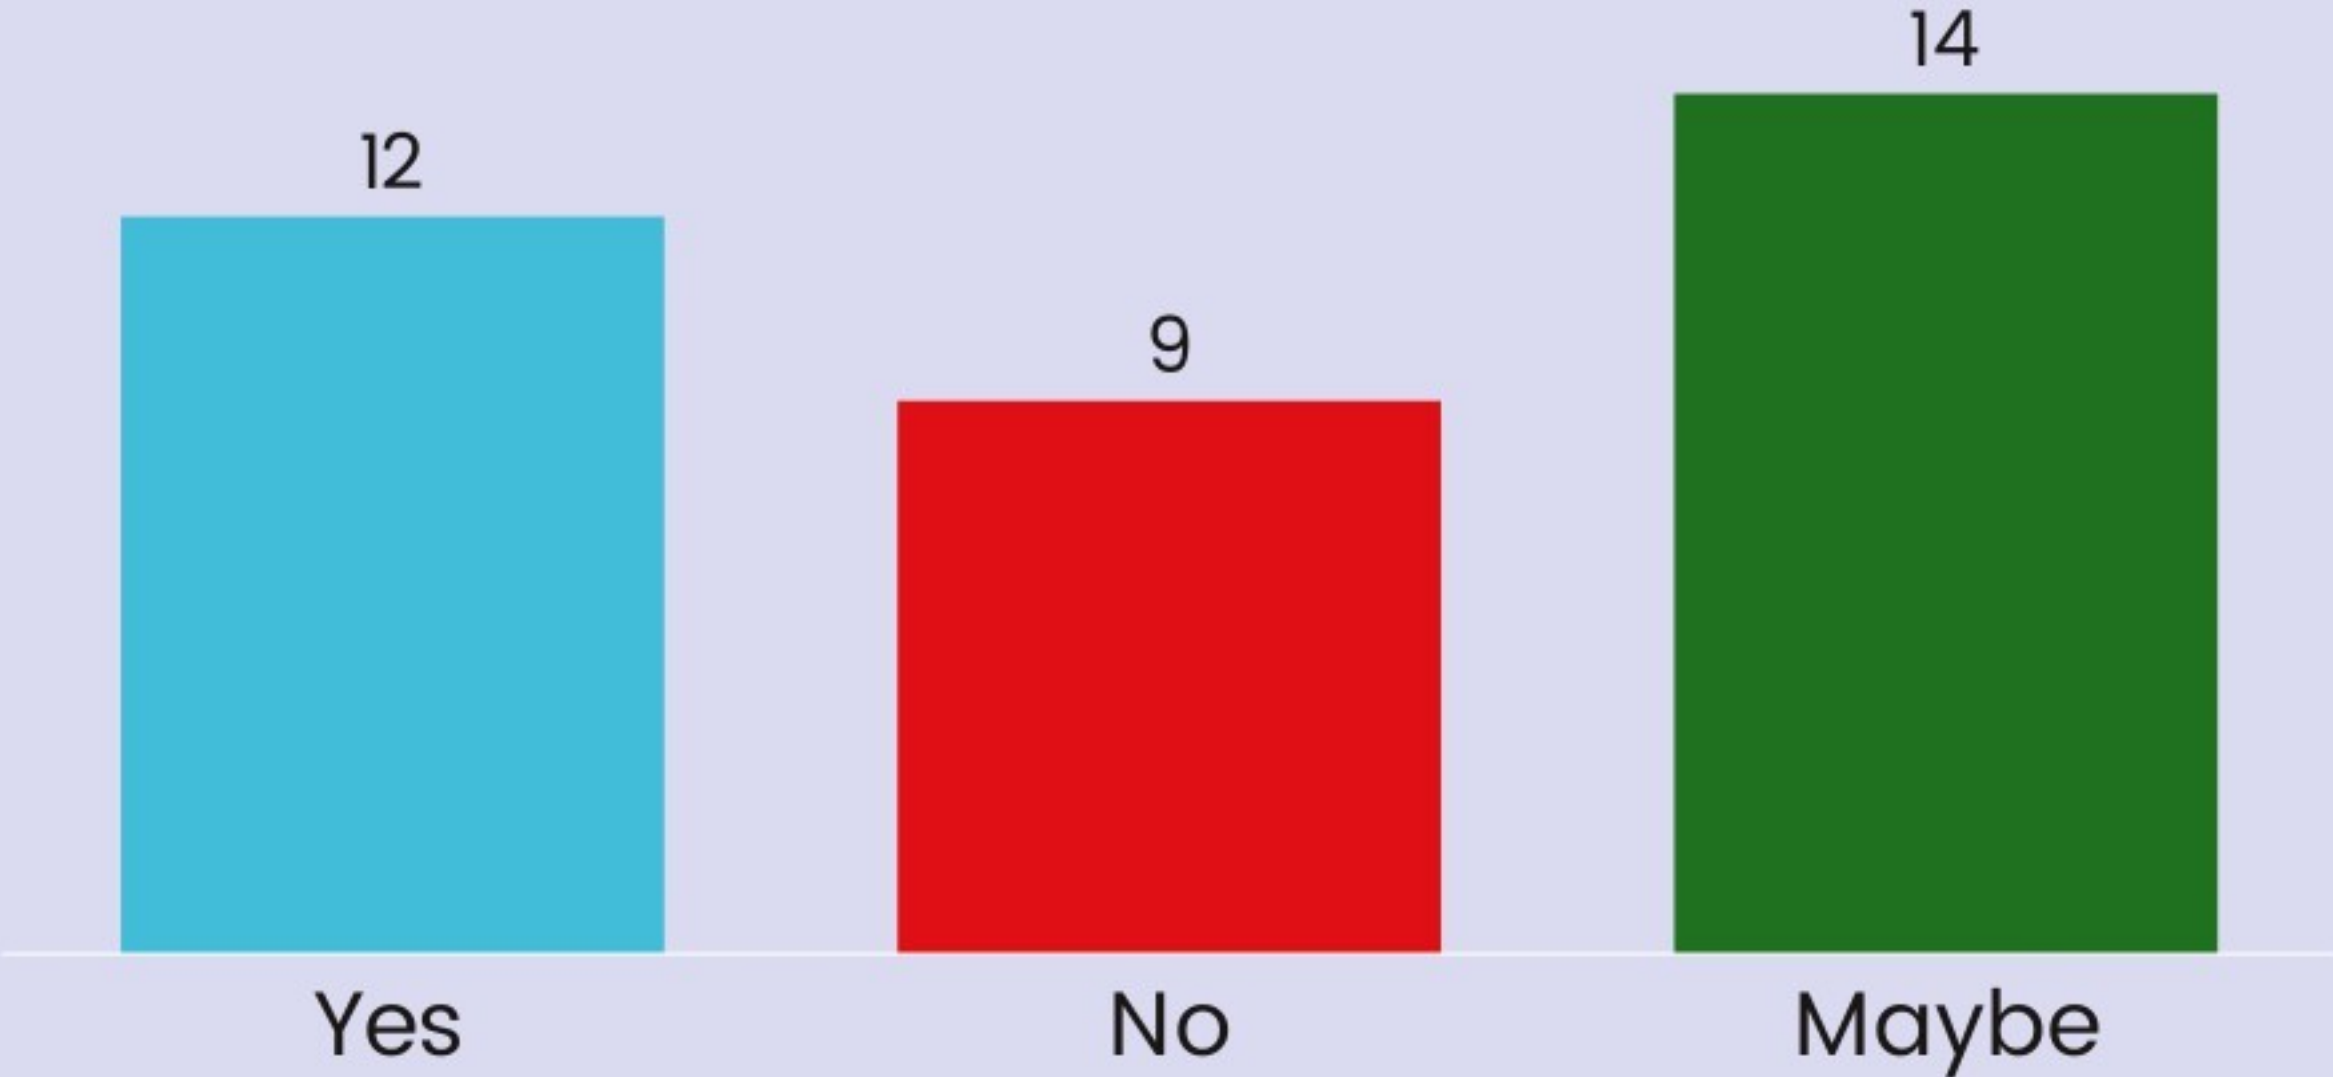

Did your Society advertise and encourage young nephrologists to take it?

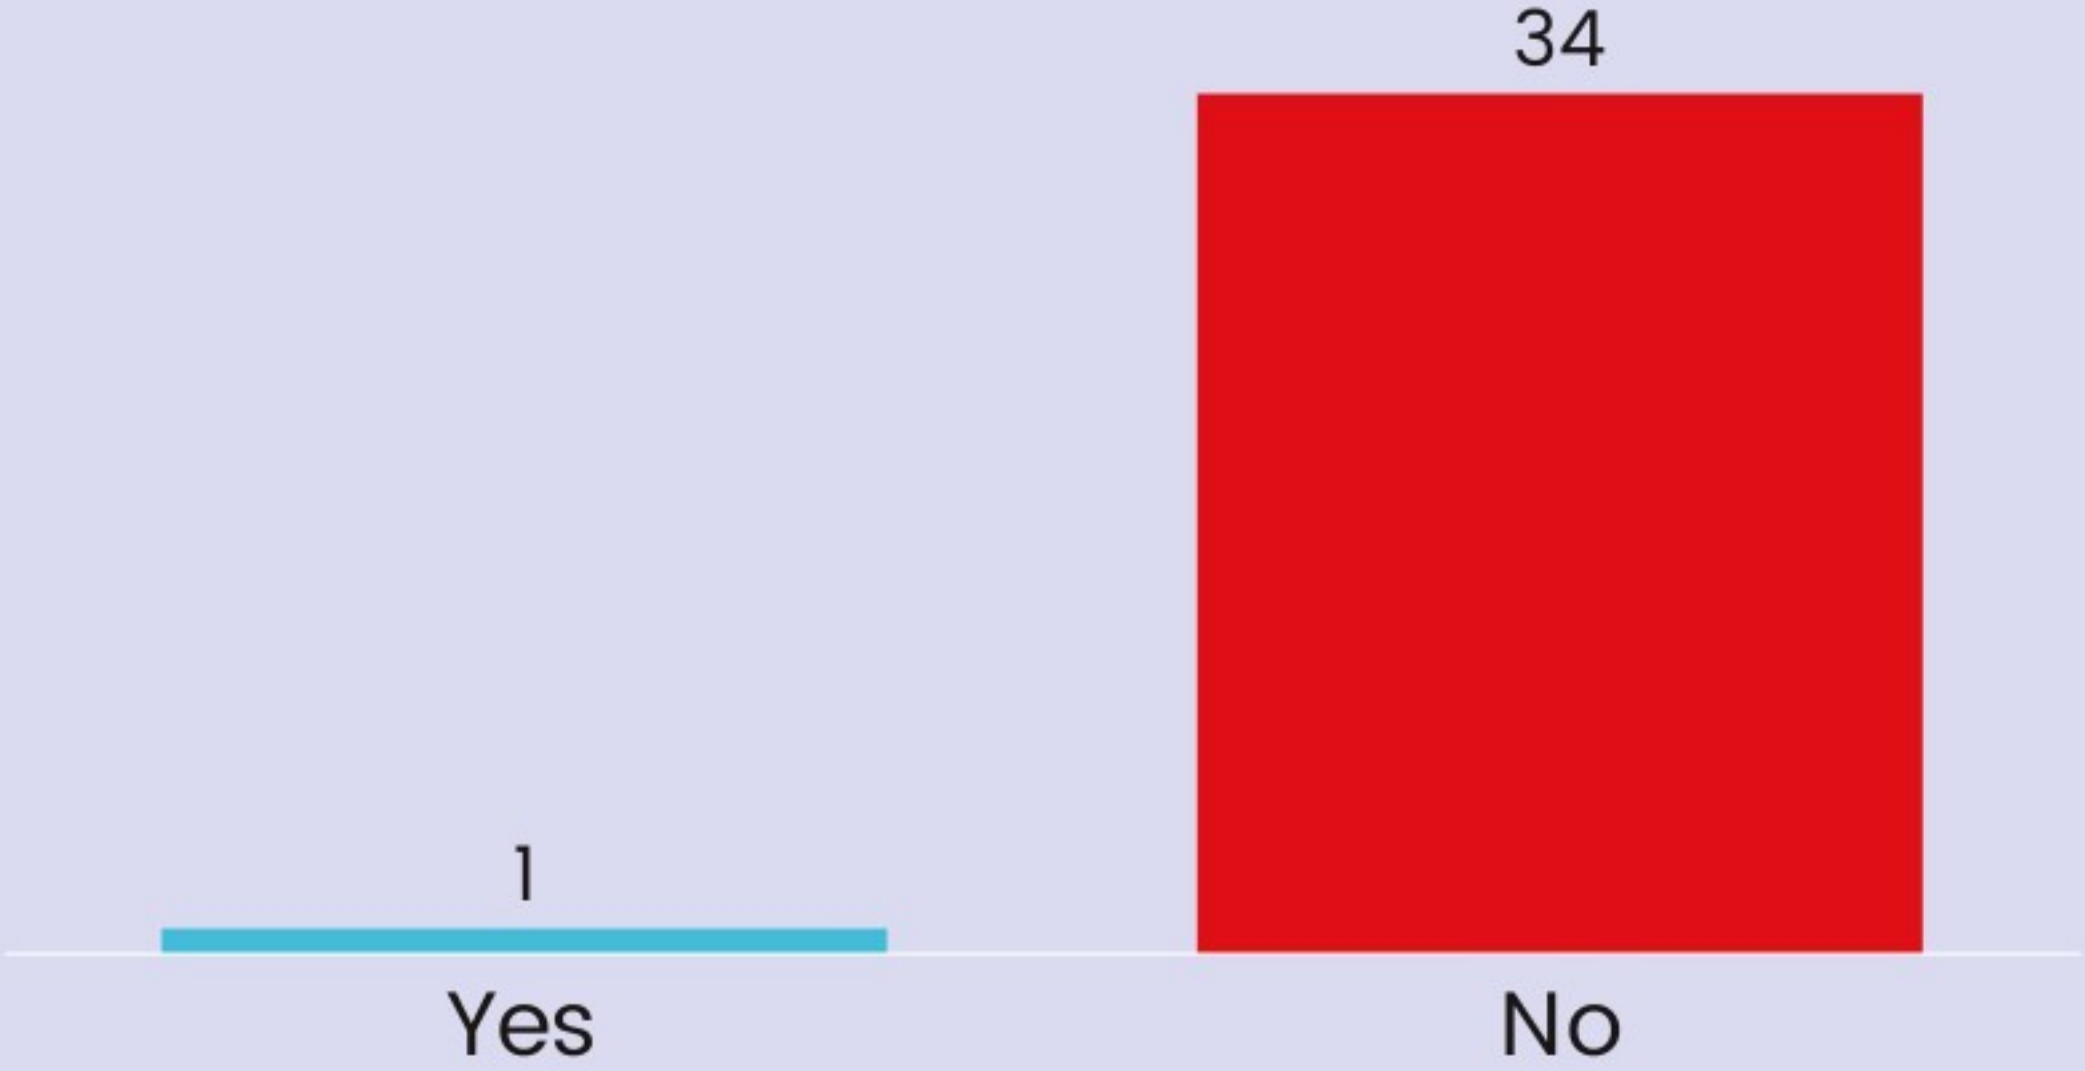

Do you know if Nephrologists from your country took the exam in 2017?

Do you think that this exam will be helpful in your country?

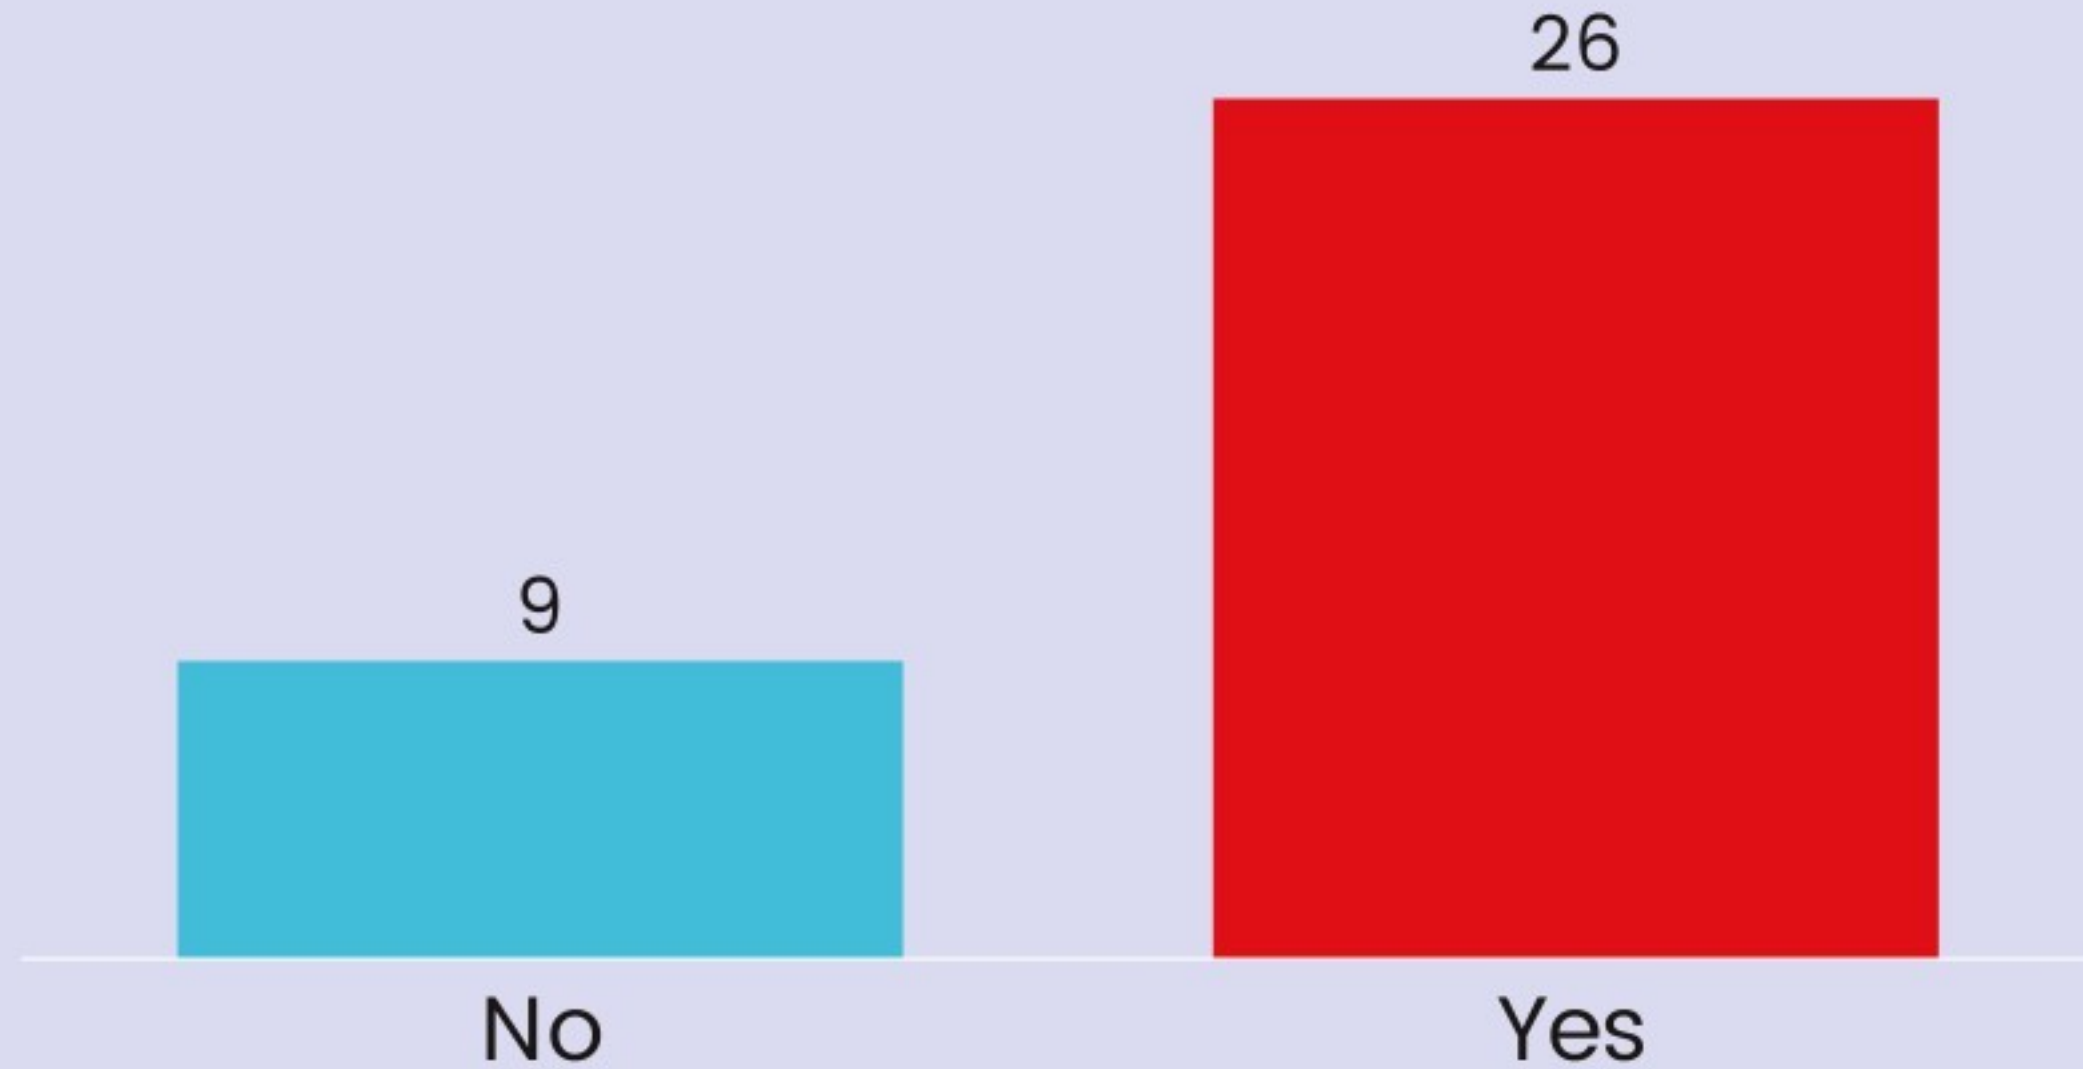

Is there competition between your National exam and the European one?

Do you think that the format is OK? (Please note that the exam is only intended to test knowledge – other skills require different testing methods)

Do you have any suggestions?
