The Congresses

Held every year, are the main events in Europe aimed at nephrologists. Four days packed with lectures, symposia, courses, posters and free-communication sessions, with over 7000 attendees.

The Registry

Collects and processes data on renal replacement therapy via 49 registries, national and regional, in 28 countries.

The ERBP

The European Renal Best Practice produces guidelines, guidance and position statements and endorsements of other guidelines in nephrology.

The Journals

NDT (Clinical Kidney Journal) the bimonthly journal that focuses on topics of interest for the practising clinicians.

The Working Groups

EUReCA-m
European Renal and Cardiovascular Medicine Working Group.

IMMUNONEPHROLOGY
task EGRA Immunonephrology Working Group.

WGIKD
Working Group on Inherited Kidney Disorders.

EUHIAL
European Dialysis Working Group.

DESCARTES
Developing Education Science and Care for Renal Transplantation in European States.

CKD-MBD
Working Group on Chronic Kidney Disease – Mineral and Bone Disorders.

DIABESITY
Working Group researching on the nephrological impact in relation to diabetes and obesity.

Independent Working Groups that are endorsed and supported by ERA-EDTA

EUTox
European Uremic Toxins Work Group.

EuroPD
European Peritoneal Dialysis.
