**A SPECIAL THANK YOU**  
to the patients who volunteered to participate  
in the Vascular Access Session of the SEID project.

# Scientific and Educational Interaction Day

The event has been supported by an educational grant provided by

and with the technical support of **General Electric Healthcare**

GE Healthcare

This event is organised in collaboration with

**October 26, 2019**

8.30-18.00

Preceded by its satellite

**'New Drugs in Kidney Disease Symposium'**

**October 25, 2019**

14.00-17.30

Vienna Hilton Danube Waterfront  
Grandwaterfront Hall 1-2-3  
**Vienna, Austria**

October 25, 2019

## New Drugs in Kidney Disease Symposium

13.00-14.00 *Lunch*

### 14.00-15.00 SGLT2 in diabetic and non-diabetic CKD

SGLT2-inhibition in diabetic CKD  
**Gert Mayer**, Innsbruck, Austria

SGLT2-inhibition in non-diabetic CKD  
**Johannes Mann**, Munich, Germany

### 15.00-16.00 Renal anemia and HIF

Intravenous iron for treatment of anemia in CKD  
**Lucia Del Vecchio**, Lecco, Italy

HIF stabilizers for treatment of anemia in CKD  
**Kai Uwe Eckardt**, Berlin, Germany

16.00-16.30 *Break*

### 16.30-17.30 RAAS and Hyperkalemia

The risk of hyperkalemia in CKD and in heart failure  
**Marie Evans**, Stockholm, Sweden

New options for hyperkalemia treatment  
**Giovambattista Capasso**, Naples, Italy

October 26, 2019

## Scientific and Educational Interaction Day

### 8.30-10.00 Session 1 - Ethical aspects of genetic testing in kidney diseases

Chairs: **Nine Knoers**, Groningen, The Netherlands  
**Aude Servais**, Paris, France

Ethical aspects of using genetic results for clinical decision making  
**Albertien van Erde**, Utrecht, The Netherlands

Presymptomatic testing in ADPKD  
**Flavia Galletti**, Zurich, Switzerland

Genomic testing as part of mainstream nephrology; lessons for practicing nephrologists  
**Daniel Gale**, London, United Kingdom

10.00-10.30 *Break*

October 26, 2019

### 10.30-12.00 Session 2 - Systemic diseases affecting the kidney

Chairs: **Ziad Massy**, Paris, France  
**Luuk Hilbrands**, Nijmegen, The Netherlands

Extrarenal involvement in SLE and its impact on the outcome of patients with LN  
**Vladimir Tesar**, Prague, Czech Republic

Renal involvement in AAV and its treatment  
**Annette Bruchfeld**, Stockholm, Sweden

Anti-GBM disease with and without lung hemorrhage  
**Marten Segelmark**, Lund, Sweden

12.00-13.15 *Lunch*

### 13.15-14.45 Session 3 - Is transplantation the best option in this patient with this donor kidney?

Chairs: **Kitty Jager**, Amsterdam, The Netherlands  
**Gabriel Oniscu**, Edinburgh, United Kingdom

Barriers for patients and nephrologists with respect to RRT modality choice  
**Vianda Stel**, Amsterdam, The Netherlands

Older donor kidneys: how well do they really function and who should receive them?

**Maria Pippias**, Amsterdam, The Netherlands

Is there always a survival benefit with transplantation?  
**Rachel Hellemans**, Antwerp, Belgium

14.45-15.15 *Break*

### 15.15-18.00 Session 4 - Vascular access: the practicalities of fistula imaging

Brief introduction: ultrasound scanning in the context of fistulae  
**Karen Stevenson**, Glasgow, United Kingdom

Practical demonstration of fistula imaging  
**Jose Ibeas**, Barcelona, Spain

Demonstrators:

**Cristina Airaghi**, Milan, Italy

**Marina Cornacchiari**, Legnano, Italy

**Jakob Gubensek**, Ljubljana, Slovenia

**Jennifer Hanko**, Belfast, United Kingdom

**José Ibeas**, Barcelona, Spain

**Tamara Jemcov**, Belgrade, Serbia

**Mariusz Kuztal**, Wrocław, Poland

**Maria João Marques**, Coimbra, Portugal

**Anna Mudoni**, Lecce, Italy

**David Shemesh**, Jerusalem, Israel

**Karen Stevenson**, Glasgow, United Kingdom

*This session includes a practical part involving demonstrations of ultrasound scanning and fistula imaging on patients. All participants are asked to join the demonstrating station they are assigned to (allocation info is available on the badge).*

The **Scientific and Educational Interaction Day (SEID)**, Vienna, Austria, has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME©) for a maximum of 10 European CME credits (ECMEC©s).
