

## **ERA-EDTA RESEARCH PROGRAMME GRANTED PROJECTS (year 2009)**

The Call for proposals in date July 1, 2009 granted three out of the nine submitted Projects, below is the ranking and the assigned budget for each one of them:

### **1. VITA-VASK**

Due to some changes which occurred in the original Study protocol and the postponed start of the Study, during the 2015 pre Congress Council Meeting of London the ERA-EDTA Council and Prof. Floege agreed on a budget reduction. The ERA-EDTA funds the Study for 800.360,00 EUR.
