The officers of the European Renal Association – European Dialysis and Transplant Association (ERA-EDTA) (Andrzej Wiecek, President; Jonathan Fox, Secretary-Treasurer; Markus Ketteler, Chairman of the Administrative Offices; Ziad Massy, Chairman of the Registry and Carmine Zoccali, Editor-in-Chief of NDT - “Nephrology Dialysis Transplantation”) together with the entire ERA-EDTA Council are very pleased to present this report on the activities of our Society, essentially regarding the past year (2016).

We are very pleased to confirm that during the last year all the ERA-EDTA activities have been very successful and active, furthermore 2016 was a very important year in the reorganization of ERA-EDTA Headquarters.

The ERA-EDTA Council is working hard to give the members the opportunities to learn, teach, perform research and publish their publications. At the same time we aim towards the highest scientific level of our activities.

In 2016 the Council had 4 meetings: Manchester, UK (February 26th-28th ), Vienna, Austria (May 19th -20th and May 24th ) and Montpellier, France (October 16th – 18th ).

Below you can find reports from particular activities of ERA-EDTA. Behind every one of these there are hardworking members of our Society assisted by our staff and for all these efforts we would like to thank them very much.

Finally, we are delighted to welcome you again to Madrid for the next exciting ERA-EDTA Congress, but would also like to encourage you to participate actively in any of the initiatives mentioned above.

If anything about all the many initiatives mentioned in this report is unclear, more details can be found at our website, [www.era-edta.org](http://www.era-edta.org).
