

## Innovation and education in kidney science and care.

ANNUAL  
REPORT  
2017

2017 Annual Report by the ERA-EDTA Officers ([web.era-edta.org/era-edta-council](http://web.era-edta.org/era-edta-council))

The officers of the European Renal Association – European Dialysis and Transplant Association (ERA-EDTA) (Carmine Zoccali, President; Ivan Rychlik, Secretary- Treasurer; Markus Ketteler, Chairman of the Administrative Offices; Ziad Massy, Chairman of the Registry and Denis Fouque, Editor-in-Chief of NDT - “Nephrology Dialysis Transplantation”) together with the entire ERA-EDTA Council are very pleased to present this report on the activities of our Society, essentially regarding the past year (2017).

We are very pleased to confirm that during the last year all the ERA-EDTA activities have been very successful and active, furthermore 2017 was a very good year also for the financial consolidation of the Society.

The ERA-EDTA Council is working hard to give the members the opportunities to learn, teach, perform research and publish their publications. At the same time we aim towards the highest scientific level of our activities and for this reason there will be important optimizations within the various branches of the scientific activities of the Society to allow an even better performance.

In 2017 the Council had four meetings: London, UK (February 24th-26th), Madrid, Spain (June 1st-2nd and June 6th ) and Warsaw, Poland (October 14th – 17th).

Below you can find reports from particular activities of ERA-EDTA. Behind every one of these there are hardworking members of our Society assisted by our staff and for all these efforts we would like to thank them very much.

Finally, we are delighted to welcome you again to Copenhagen for the next exciting ERA-EDTA Congress, but would also like to encourage you to participate actively in any of the initiatives mentioned below.

If anything about all the many initiatives mentioned in this report is unclear, more details can be found at our website, [www.era-edta.org](http://www.era-edta.org).

Carmine Zoccali (President)  
Ivan Rychlik (Secretary-Treasurer)  
Markus Ketteler (Chairperson of the Administrative Offices)
