
CURRICULUM VITAE

July 2020

NAME

Andreas KRONBICHLER M.D. Ph.D.
Medical University Innsbruck
Department of Internal Medicine IV (Nephrology and Hypertension)
Anichstrasse 35
6020 Innsbruck
Austria
D/o/B: 16-JUL-1985
ORCID ID: 0000-0002-2945-2946

TRAINING

Place of training	Degree	Year	Field
Medical University Innsbruck	M.D.	2010	Medicine
Medical University Innsbruck	PhD	2017	Cardiovascular Medicine
Medical University Innsbruck	Consultant	2017	Internal Medicine
Danube University Krems		2019-2020	Health Care Management Course

TRAINING

EMPLOYMENTS

2010-2011 Clinical Fellow, Department of Internal Medicine III (Nephrology, Rheumatology), University of Jena, Germany

2011-2014 Clinical Fellow, Department of Internal Medicine, Medical University Innsbruck, Austria

2014-2015 Clinical Fellowship, Honorary Research Fellow, Addenbrooke's Hospital, Vasculitis and Lupus Clinic, University of Cambridge, United Kingdom; supported by an ERA-EDTA long-term fellowship

2015-2017 Clinical Fellow, Department of Internal Medicine, Medical University Innsbruck, Austria

2017-ongoing Consultant Internal Medicine, Department of Internal Medicine IV (Nephrology and Hypertension), Medical University Innsbruck, Austria
Lead of the Glomerulonephritis, Vasculitis and Lupus Clinic

MAIN RESEARCH INTERESTS

ANCA-associated vasculitis, nephrotic syndrome, contrast-associated acute kidney injury

SCIENTIFIC WORK

111 publications listed in PubMed/MEDLINE

KEY (INVITED) PRESENTATIONS

2016 (53rd ERA-EDTA, Vienna): The nasal microbiome in granulomatosis with polyangiitis

2016 (Frontiers in glomerulonephritis; Royal Society of Medicine, London, UK): Rituximab in minimal change disease and focal segmental glomerulosclerosis

2017 (Autoimmune seminars, Yamanashi, Japan): Lupus Nephritis

2017 (Korean Society for Pediatric Nephrology, Seoul, Korea): ANCA-associated vasculitis

2017 (ISFA, Copenhagen, Denmark): Biological agents and TPE-can they coexist in the future?

2017 (54th ERA-EDTA, Madrid): Bacterial microbiota in ANCA-vasculitis: clinical implications of the good, bad, and the ugly.

2018 (5th Annual "Forum Éducationnel pour les Néphrologues" Québec 2018): Rituximab and primary glomerular diseases: where are we going now?

2019 (Apheresis meeting, Samara, Russia): Apheresis in the management of systemic lupus erythematosus: lessons learned and future directions

2019 (Cambridge, UK, EUVAS Course): Co-morbidities in ANCA-associated vasculitis

2019 (ISFA, Japan): Extracorporeal treatment measures in immune-complex small-vessel vasculitides

PRICES

Kronbichler A, et al. Risikofaktoren für die Entwicklung von Thromboembolien in ANCA-assoziierten Vaskulitiden. ÖGN 2015 (Posterpreis Alpbach).

Kronbichler A, et al. Acute kidney injury is associated with microvascular myocardial damage following myocardial infarction. ÖGN 2017 (Hans-Krister-Stummvoll-Preis)

Dr. Otto Seibert-Wissenschafts-Förderungs-Preis 2019

MEMBERSHIPS

11 memberships, i.e. E-ISFA, German society of nephrology, ERA-EDTA, Austrian society of nephrology

REVIEWER

Up to date reviews for 64 scientific journals have been performed (i.e. N Engl J Med, Ann Intern Med, J Am Soc Nephrol, Ann Rheum Dis, Arthritis Rheumatol, Kidney Int, Am J Kidney Dis, Nephrol Dial Transplant) as well as for national societies (Austrian National Bank, French Ministry of Health, Italian Ministry for Education, University and Research (MIUR)), Vasculitis UK

CLINICAL TRIALS

Principal Investigator at Medical University Innsbruck (ADVOCATE)

Principal Investigator at Medical University Innsbruck (GOOD-IdeS)

Innsbruck, 01.07.2020
