Renal Biopsy in Medical Diseases of the Kidneys is an intensive 3 1/2 day course designed for pathologists, nephrologists, internists and other physicians interested in both a systematic review and an update on advances in diagnostic problems in medical renal diseases.

The format includes lectures, question-and-answer sessions and the study of case problems. A renal pathology laboratory exercise is available on Saturday afternoon after the conclusion of the formal lectures.

To register:
- Contact: Center for Continuing Medical Education, Columbia University Medical Center, New York, New York 10032, U.S.A.
- Telephone: (212) 305-5740
- Fax: (212) 305-5900
- E-mail: cme@columbia.edu
- Web page: www.columbiumc.org

Confirmation of registration will be sent upon receipt of the registration form. Refund of registration fee, less a $25 administrative charge, will be made if written notice of cancellation is received by July 5, 2015. No refunds can be made thereafter.

Registration
- Space is Limited. Early Registration is Encouraged.
- By Mail: Complete the registration form and mail with full payment to:
  Columbia University
  College of Physicians & Surgeons
  Center for Continuing Medical Education
  630 West 168th Street, Unit 39

Program Description & Objectives
Renal Biopsy in Medical Diseases of the Kidneys is an intensive 3 1/2 day course designed for pathologists, nephrologists, internists and other physicians interested in both a systematic review and an update on advances in diagnostic problems in medical renal diseases.

The course should be of special interest to physicians who are preparing for their specialty Board Examinations in Pathology and Clinical Nephrology.

As the conclusions of the course, participants should be able to better understand the pathophysiology and clinical aspects of the major parenchymal diseases of the kidney, with emphasis on clinical-pathologic correlations and the role of renal biopsy.

The fee includes lectures, question-and-answer sessions and the study of case problems. A renal pathology laboratory exercise is available on Saturday afternoon after the conclusion of the formal lectures.
